ACKNOWLEDGMENT

I would like to express my heartfelt gratitude to all those who have played a significant role in the successful completion of our project at Aptech Garden Center. This endeavor would not have been possible without the unwavering support and dedication of several individuals and teams, and I am honored to acknowledge their contributions.

First and foremost, I extend my sincere thanks to the teachers and mentors who guided us throughout this project. Your wisdom, knowledge, and patience were instrumental in shaping our understanding and skills in the field. Your mentorship not only helped us achieve our goals but also enriched our learning experience.I would also like to express my deep appreciation to my fellow team members.

Your hard work, commitment, and collaboration were the driving force behind the project's success. Each one of you brought unique strengths to the table, and together we formed a formidable team. I am proud of what we accomplished together, and it wouldn't have been the same without your dedication.

Furthermore, I would like to extend my gratitude to the entire staff at Aptech Garden Center. Your support, resources, and expertise were invaluable in ensuring the smooth execution of our project. Your commitment to education and the environment is truly commendable, and we are grateful for the opportunity to work with you.

In conclusion, I am deeply thankful to everyone involved in this project at Aptech Garden Center. Your contributions, big and small, have left a lasting impact on our lives and have contributed to the success of our endeavor. I look forward to carrying the knowledge and experiences gained during this project into our future endeavors.

Thank you once again for being part of this remarkable journey.

PROJECT SYNOPSIS

Project Synopsis: "Historical Monuments "

The "Historical Monuments" project is a captivating journey through the world's most renowned historical monuments, designed to engage, educate, and inspire visitors. This multifaceted project is organized into several sections to provide a comprehensive and immersive experience.

Sections:

1. **Gallery Section**: Immerse yourself in the breathtaking beauty and historical significance of iconic monuments from around the world. High-quality images and informative descriptions bring these wonders to life, allowing users to explore their architectural grandeur and cultural importance.

2. **Zones Section:** Discover the rich diversity of historical monuments across different geographical regions. The project is organized into distinct zones, including East Zone, West Zone, North Zone, and South Zone. Each zone showcases the unique heritage, history, and architecture of monuments from its respective region, providing a holistic perspective on global cultural treasures.

4. **About Section:** Delve into the project's mission and objectives. Gain insight into the research methodologies employed, the significance of historical monuments, and the importance of preserving our shared heritage. This section sets the stage for a deeper understanding of the project's goals.

5. **Contact and Feedback:** Engage with us directly through our contact section. Whether you have inquiries, suggestions, or simply wish to connect, we welcome your input and feedback. Your thoughts and contributions are essential in shaping the project's future and ensuring its continued improvement.

The "Historical Monuments Exploration" project is an educational and cultural endeavor that seeks to celebrate the beauty, history, and diversity of historical monuments while emphasizing the importance of their preservation. We invite you to embark on this enlightening journey, exploring the world's treasures and discovering the profound impact these monuments have had on our global heritage.

PROJECT ANALYSIS

A brief analysis of Project:

1.Website Overview:

website appears to have a clear and organized structure. It begins with a sitemap that outlines the main sections, making navigation easy for users.

2. Home Page:

The home page features a transparent fixed navbar for easy navigation, a carousel with visuals, and an "Explore" button, providing an engaging starting point for users.

3. Gallery:

The gallery section is well-designed with a fixed navbar, captions for images, and a layout that enhances the visual experience.

4. Explore Historical Monuments:

This section offers an interactive way for users to explore historical monuments categorized by region. The inclusion of interactive buttons and PDF downloads enhances the user experience.

5. About Us:

The "About Us" section provides insights into your organization's mission and team. It features a sticky navigation bar and a well-structured layout with both text and image components.

6. Contact Us:

The contact section facilitates seamless communication between users and your team. It includes a sticky navigation bar, contact form, integrated Google Map, and a data storage feature for user convenience.

7. Footer:

The footer provides essential information, a site map link, an email option, and social media icons for easy access to your online presence.

8. Zone Pages:

The zone pages follow a consistent layout with rows and columns, showcasing images and historical information about monuments in different regions. The "Learn More" button offers users additional details.

9. Services:

The services page features historical site cards with "Learn More" buttons for in-depth historical information. It also includes transportation cards with details on traveling to historical sites.

10. Feedback:

The feedback section incorporates a modal box with a caption, allowing users to submit feedback. It includes user input fields for name, email, and feedback, as well as submission and cancellation buttons.

Overall, our website appears to be well-structured, user-friendly, and visually appealing. It effectively balances informative content with interactive elements, enhancing the user experience and providing a comprehensive platform for exploring historical monuments.

PROBLEM STATEMENT

1) The Home Page should be created making use of Sections with a suitable logo, the header section can be added which will show different famous images of monuments.

2) The site must contain the links to navigate through any zone for the information.

3) Links of monuments can be categorized by zone wise like (East, North, West

and South) apart from world wonders link can be added.

4) History behind all the monuments can be added along with the images.

5) Gallery section can be added for viewing different images.

6) Feedback must be allowed to enter by the viewer

7) Site map, Gallery, about us, Queries link, Contact us link must be added.

8) The complete historic reason and its description must be allowed to get download as pdf or doc file.

9) The advertise section of bus, flights can be included for reaching the places.

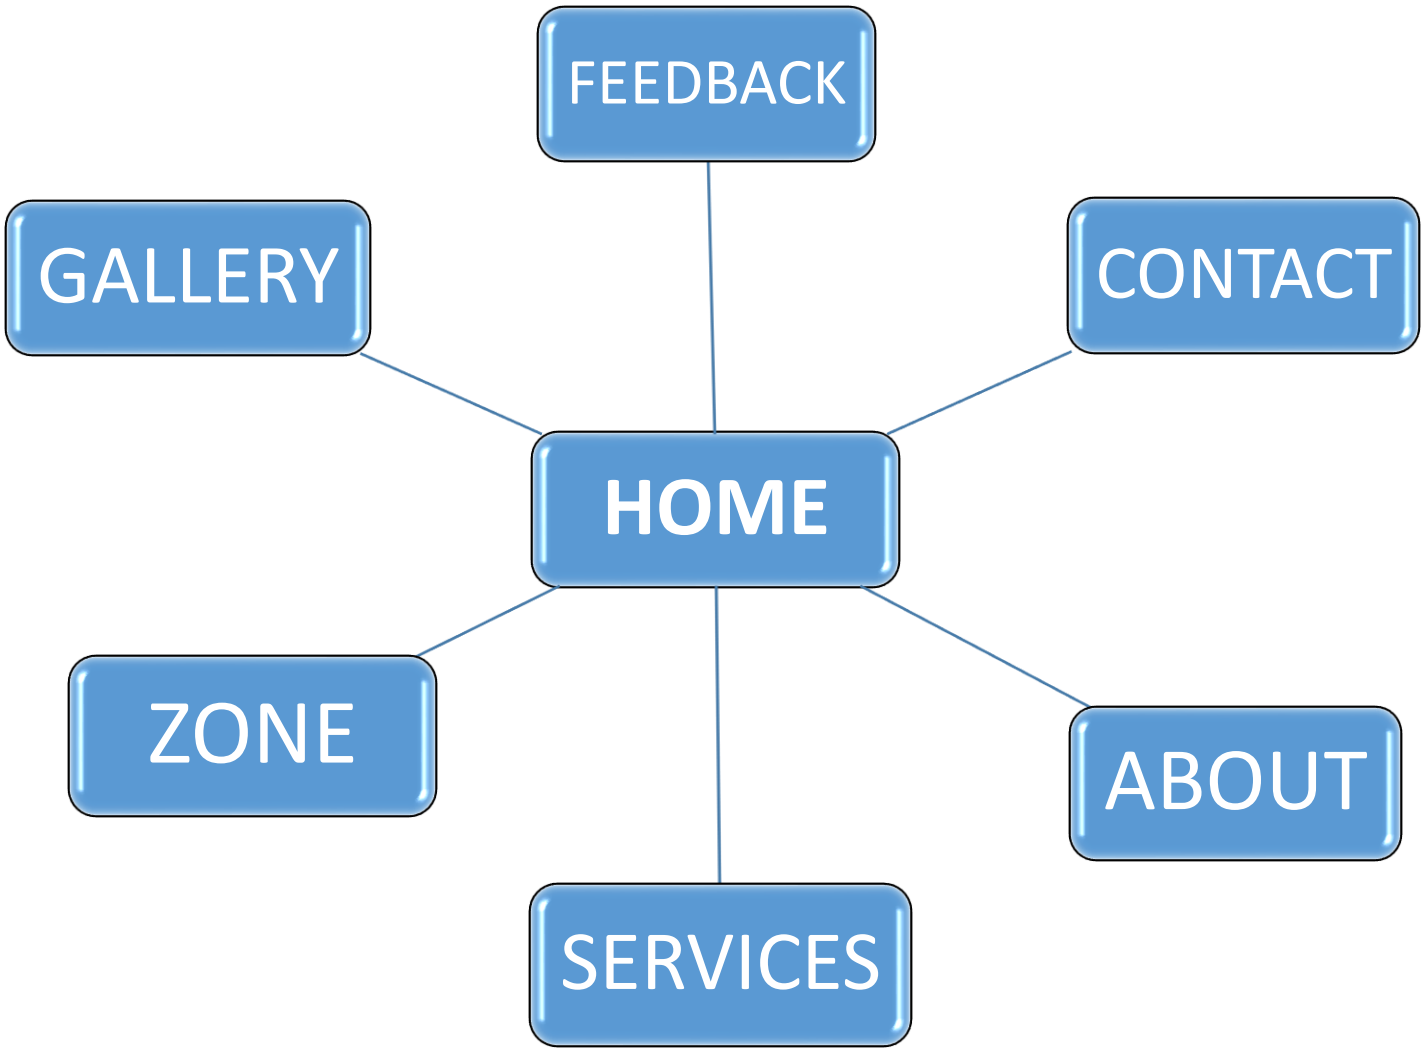
SITE-MAP



"**Explore Our Comprehensive Website Sitemap:**

- **Home**: Our Starting Point for Accessing the Gallery, Zone, About, Contact, and Feedback Sections.

- **Gallery**: Discover Exciting Visuals.

- **Zone**: Dive into different zones like East, West, North, and South

-**Services**: "Discover the Past, Explore the Present: Your Journey to Historical Monuments Begins Here! Travel by Bus or Flight – Your Adventure Awaits ✈🚌"

- **About**: Get to Know Our Story.

- **Contact**: Reach Out to Us.

- **Feedback**: Share Your Thoughts.

Effortlessly Navigate Between Sections:

- From **Home**, you can easily jump to the Gallery, Zone, About, Contact, and Feedback sections.

- In **Zone**, you'll find quick links to Home, About, Contact, and Feedback.

- **About** connects you to Home, Gallery, Zone, Contact, and Feedback.

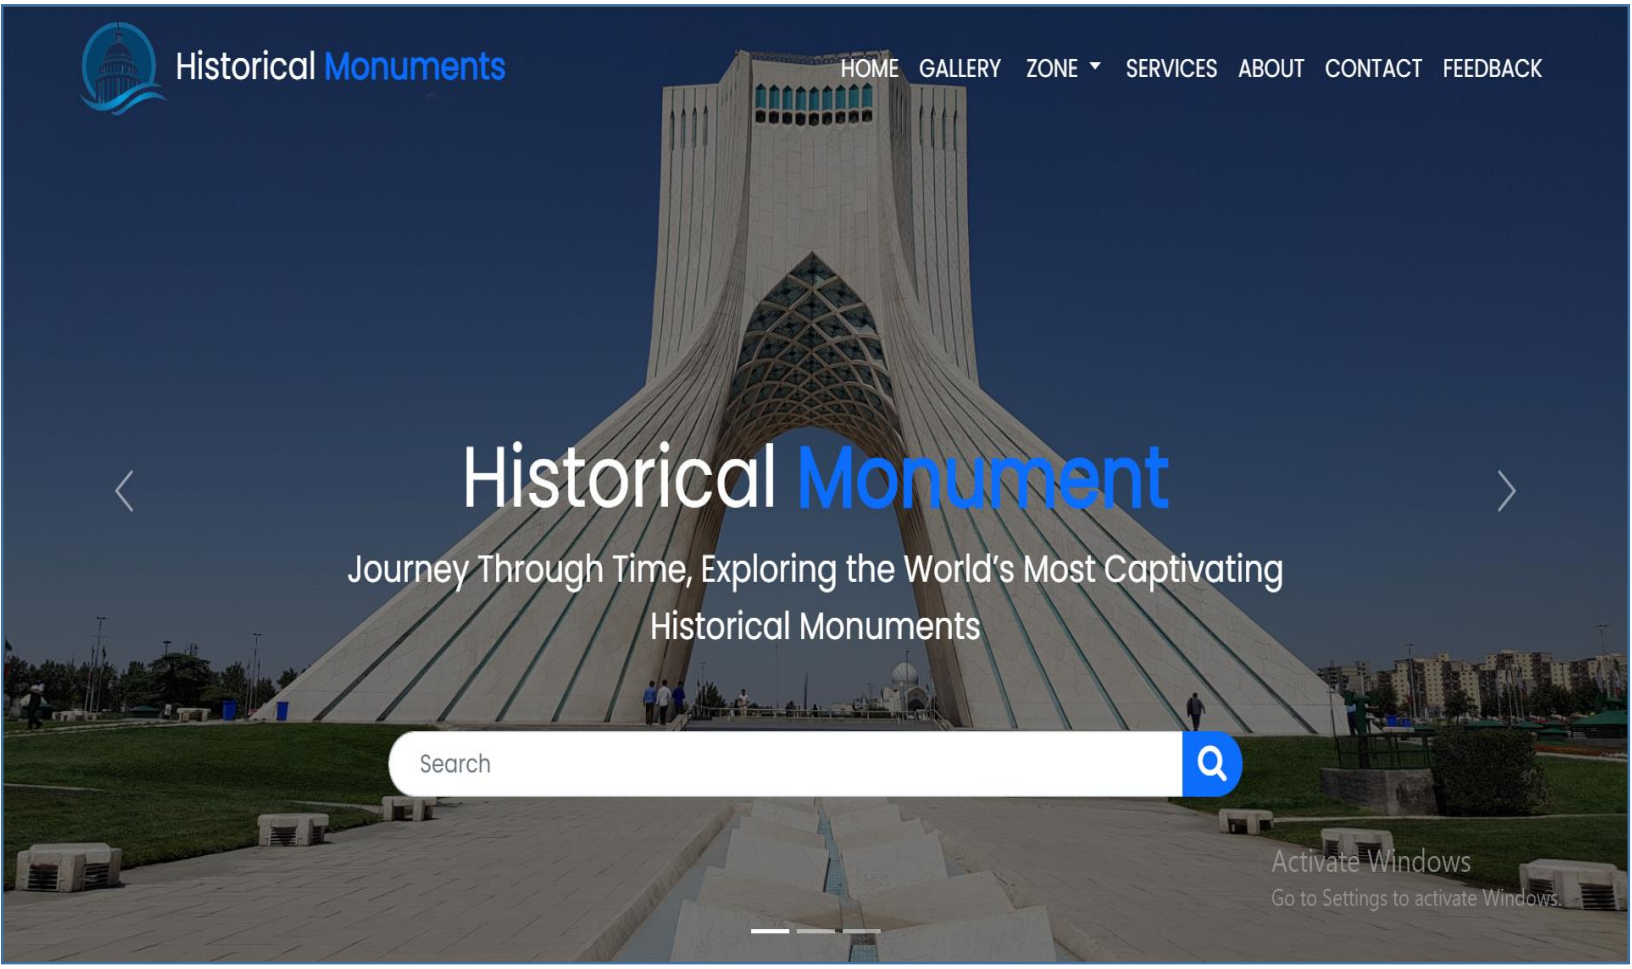
- **Contact** provides access to Home, Gallery, Zone, About, and Feedback.

- And, from **Feedback**, you can swiftly return to Home, Gallery, Zone, About, and Contact.

Our Sitemap makes your journey through our website seamless and efficient!"

WEBSITE OVERVIEW

➢ HOME



"Welcome to our captivating website's first landing page, where you'll encounter a visual feast of key elements:

1. Logo:

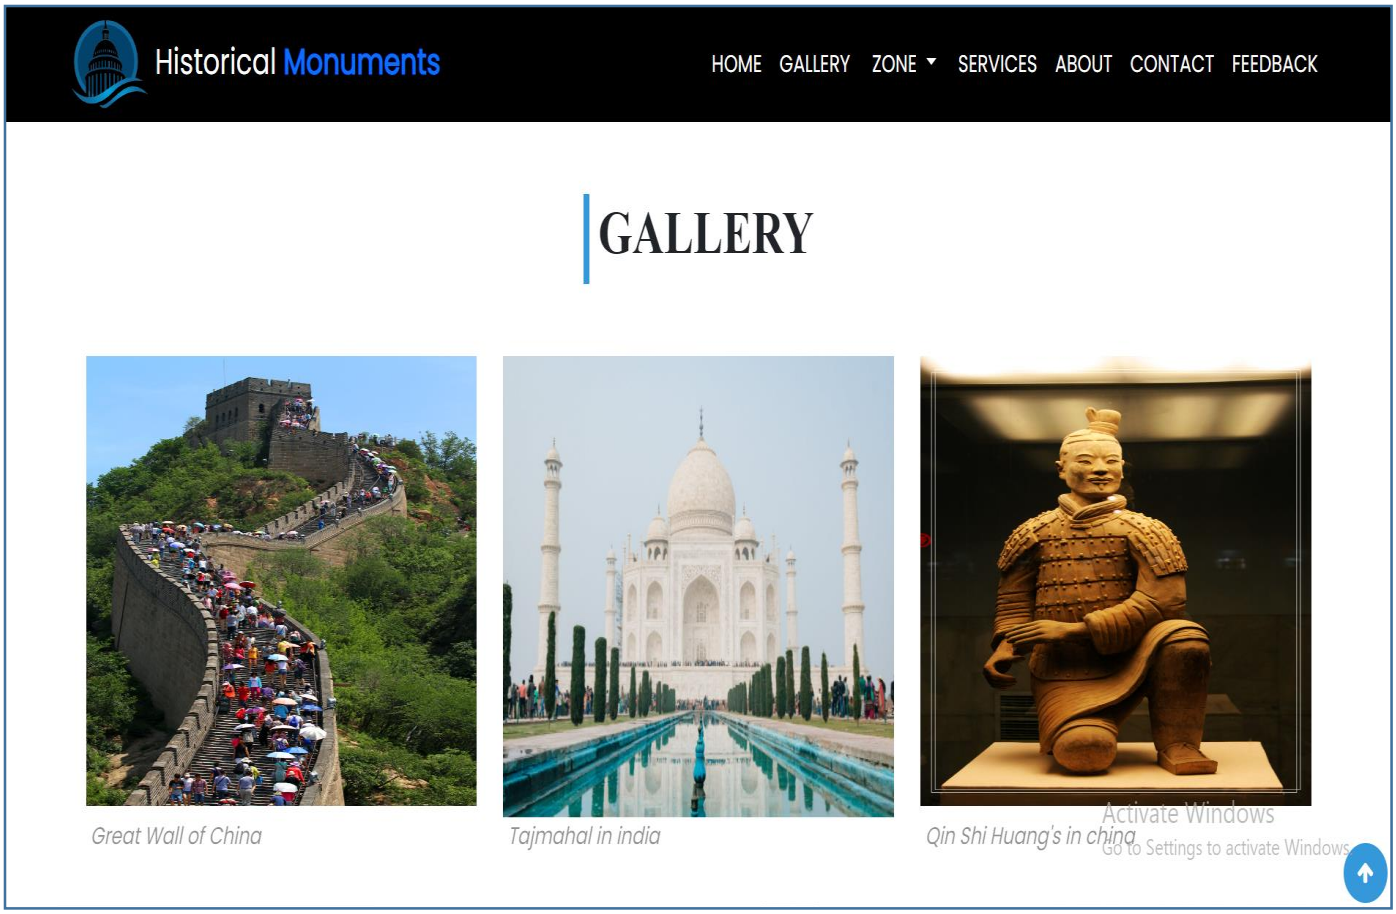
2. Title:

3. Transparent & Fixed Navbar: A navigation bar positioned at the top of the page, transparent in appearance, and remains fixed as users scroll down the page for easy access to other sections.

4. Carousel with Light and Blue Text in front of an Image:

5. Search bar:

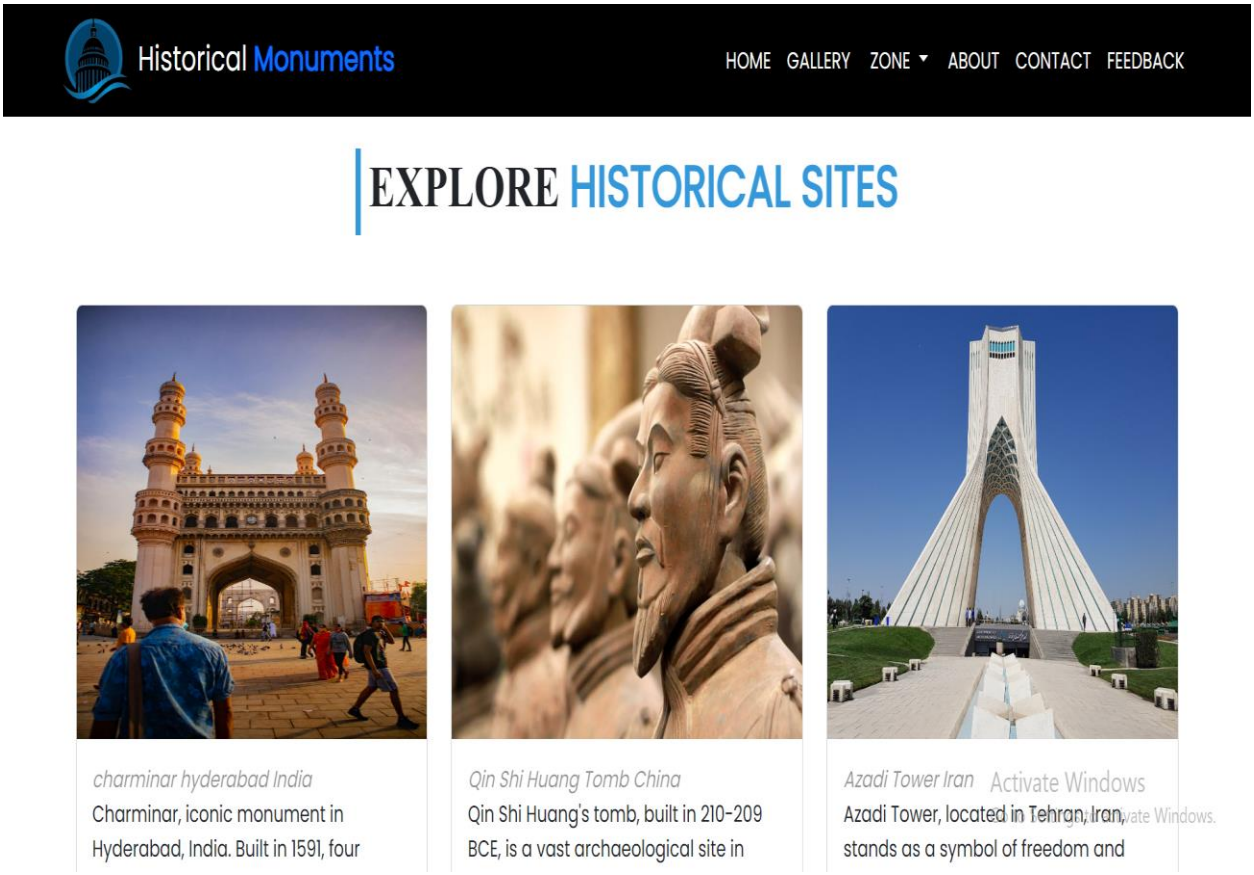
➢ GALLERY

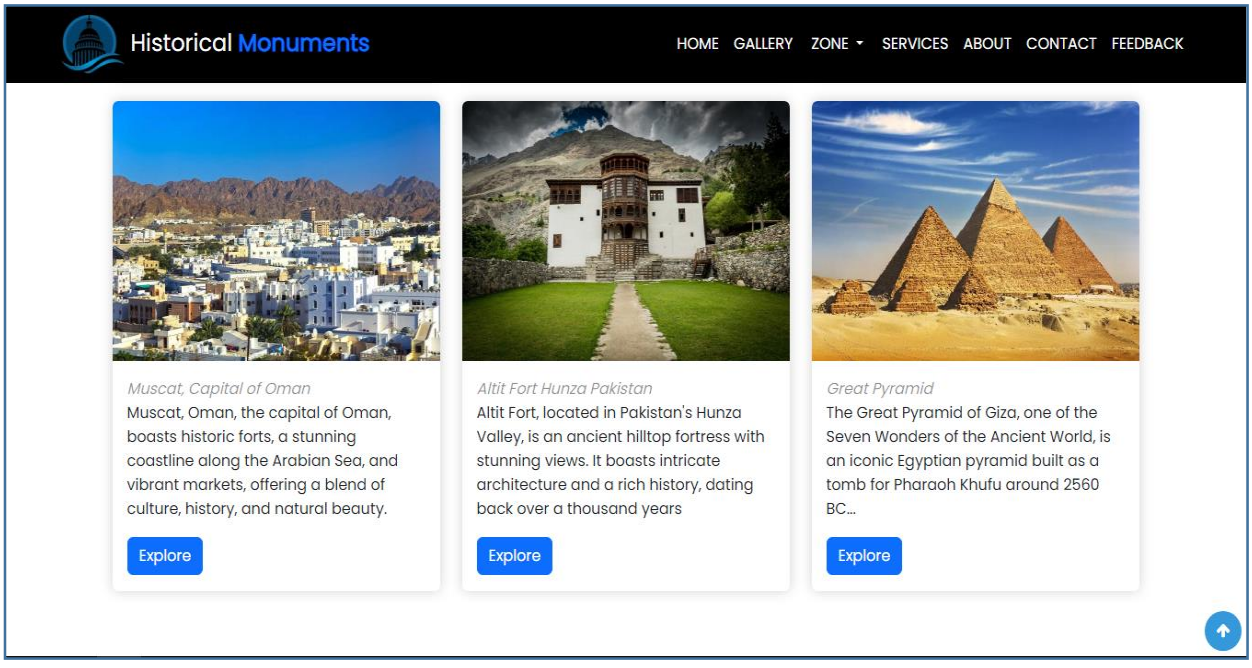


Welcome to our captivating Gallery Section, where you'll find the following features:

- **Fixed Navbar:** Our navigation bar remains conveniently fixed at the top, ensuring easy access as you explore our stunning gallery.
- **Gallery Caption:** Each image in our gallery is accompanied by a thoughtfully crafted caption, adding depth and context to the visual experience.
- **Container Class:** We've employed the container class to create a pleasing margin between the content and the edges of the page, enhancing the overall aesthetics.
- **Row Division:** The page layout is structured with precision. A row is expertly divided into three distinct portions, each dedicated to showcasing different sets of captivating gallery images.

➢ Explore Historical Monuments





- **Explore Historical Monuments**

The "Explore Historical Monuments" section of our website offers an engaging and educational experience for users interested in learning about historical monuments from around the world. This section is designed to showcase the rich history and cultural significance of these landmarks through visually appealing cards, each containing detailed information about a specific category of historical monuments.

- **Card Layout**The Explore Historical Monuments section consists of three beautifully designed cards, each representing a distinct category of historical monuments:

1. **East :**

The East card introduces users to historical monuments located in eastern regions. Users can explore and learn about these landmarks in detail.

2. **West :**

The West card focuses on historical monuments found in western regions. Users can delve into the fascinating history of these monuments.

3. **North :**

The North card highlights historical monuments located in northern regions. Users can discover intriguing facts about these historical sites.

3. **South :**

The South card highlights historical monuments located in Southern regions. Users can discover intriguing facts about these historical sites.

3. **World Wonders :**

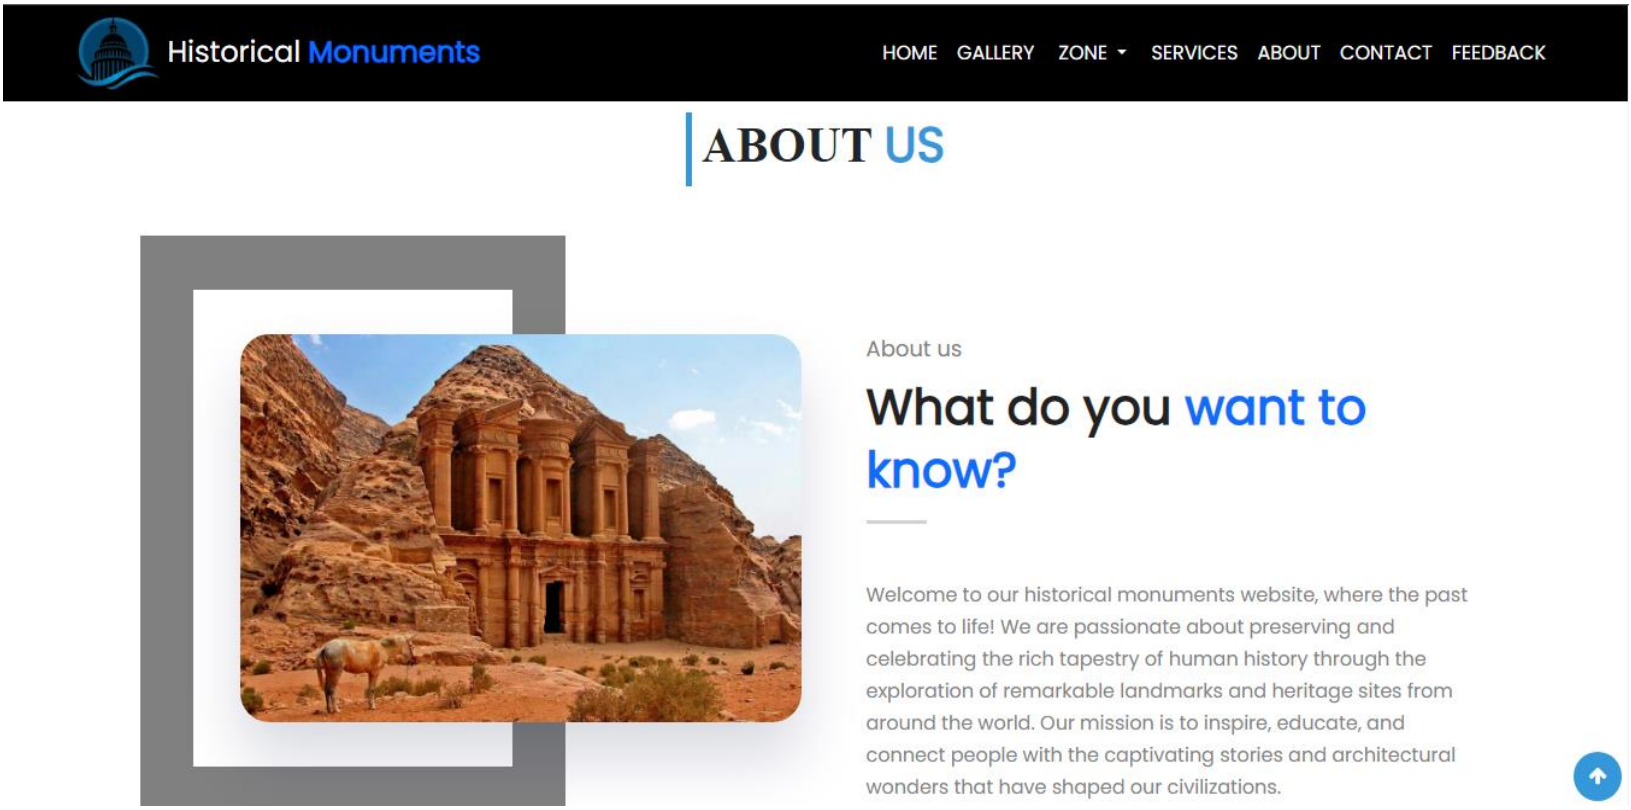
The World wonder card highlights historical monuments located in the world.

5.**Interactive Buttons:**

Within each card, we have incorporated interactive buttons that enhance the user experience.

- **Explore:** Clicking this button allows users to access a PDF document containing a curated collection of images and comprehensive historical details about the monuments within the chosen category. For example, selecting the "East" card and clicking the "Explore" button will open a PDF document dedicated to eastern historical monuments.This interactive feature provides users with a seamless and immersive learning experience, making it easy for them to explore historical monuments

➢ About Us



About Us: The "About Us" section of our Historical Monuments website is designed to provide users with a deeper understanding of our mission, values, and the team behind the platform.

Sticky Navigation Bar: To ensure a user-friendly and convenient browsing experience, we have incorporated a sticky navigation bar at the top of the "About Us" page. This navigation bar remains fixed at the top of the screen as users scroll down the page.

Row Layout: Text and Image Integration,The content layout in the "About Us" section is divided into two distinct yet harmoniously integrated parts:

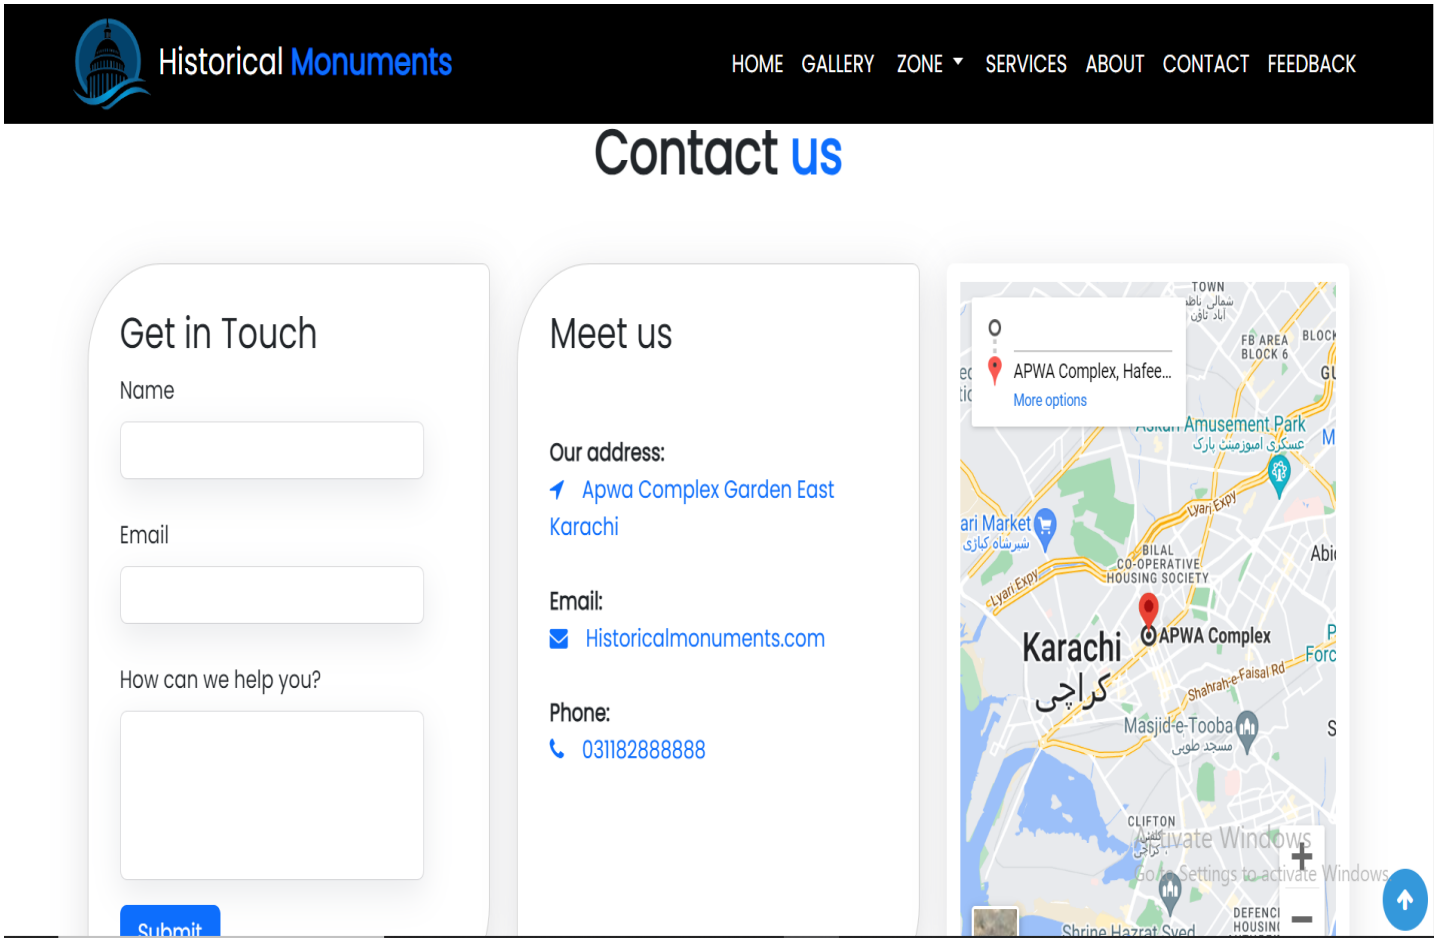
1. Text Section:

In the left part of the row, we present insightful textual information about our organization. This text provides users with an overview of our mission, goals, and commitment to promoting historical awareness and education.

2. Image Section:

The right part of the row features a visually engaging component that complements the textual content. Here, we showcase captivating images related to our work, such as historical monuments, team photos, or significant events.

➢ Contact Us



- Contact Us

The "Contact Us" section of our Historical Monuments website is designed to facilitate seamless communication between users and our team. In this section, we employ a sticky navigation bar for easy access to various sections, a row layout that combines a user-friendly contact form, and an integrated Google Map. Additionally, we provide a convenient "Submit" button for users to submit their inquiries and store their data locally for future reference.

Sticky Navigation Bar:

For effortless navigation, we have implemented a sticky navigation bar that remains fixed at the top of the "Contact Us" page as users scroll down. This navigation bar provides quick access to essential contact information, the contact form, and the integrated Google Map, ensuring a smooth user experience.

Row Layout

Contact Form:

In the left part of the row, we offer an intuitive contact form. This form allows users to submit their inquiries, feedback, or requests easily. It includes fields for essential contact information such as name, email, and message, enabling users to communicate effectively with our team.

Submit Button and Data Storage:

To streamline user interactions, we have included a "Submit" button within the contact form. When users click the "Submit" button, their entered data is not only sent to our team but also stored locally for their convenience. This data storage feature allows users to review their submissions and maintain a record of their interactions with us.

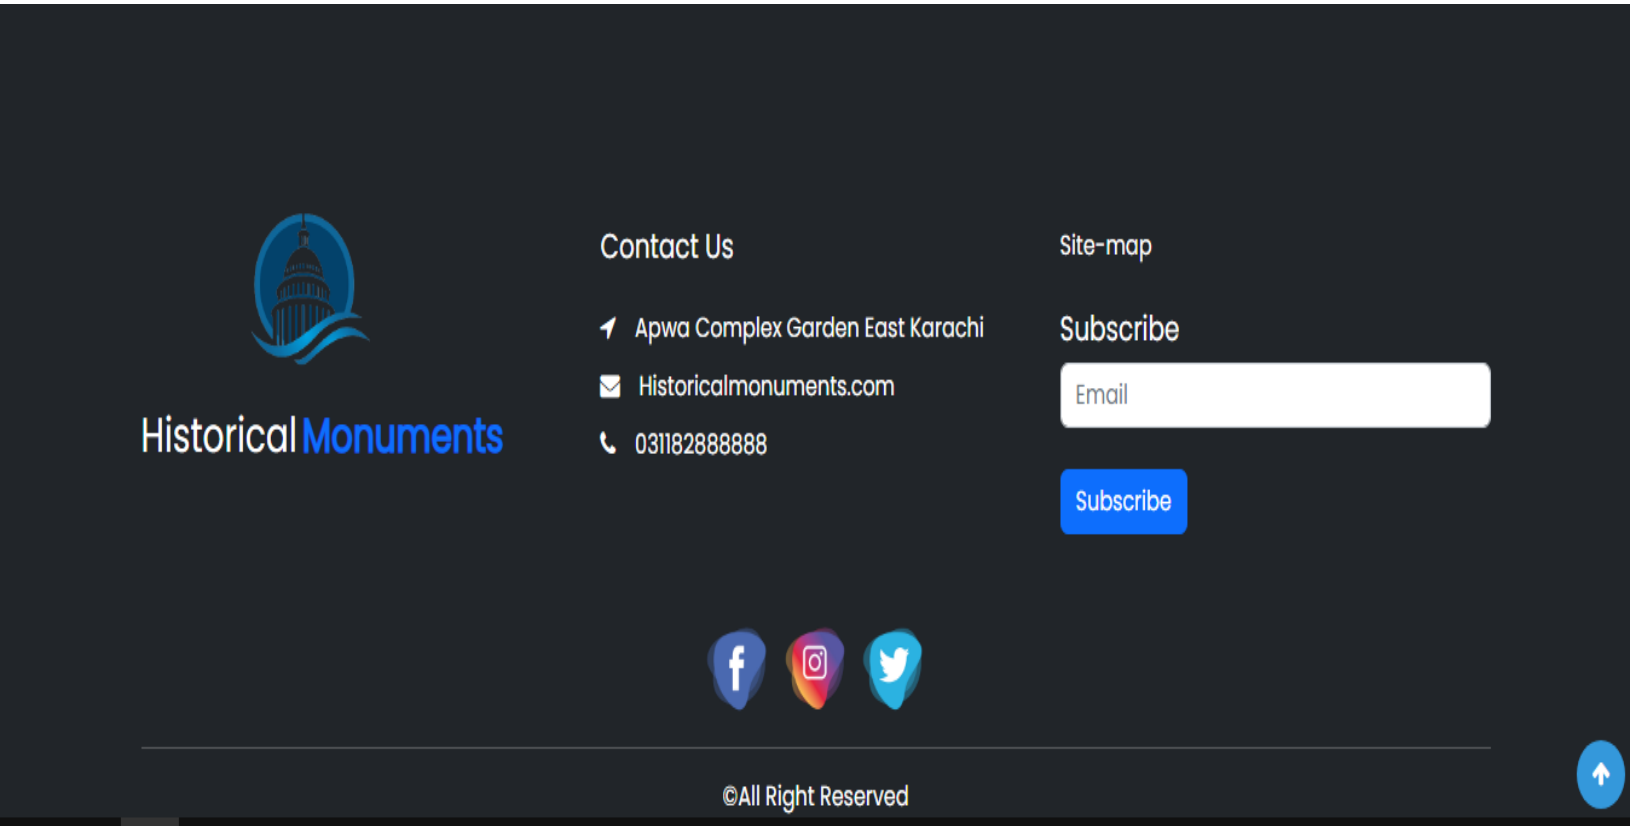
Google Map Integration:

The right part of the row features an integrated Google Map. This map visually represents our location, making it easy for users to identify our physical presence. Users can zoom in, zoom out, and interact with the map to explore our address and surroundings.

Get in Touch:

Our "Contact Us" section is more than just a way to reach out—it's an opportunity to connect with us, ask questions, provide feedback, and engage in meaningful conversations. Whether you're seeking information about historical monuments, have inquiries about our services, or simply want to share your thoughts, we welcome your messages.

➢ Footer



Page Layout Structure:

1. **Row Division:**

- A single row is divided into three columns.

2. **Column 1:** Left Logo with Title "Historical Monuments"

- The leftmost column features our logo along with the title "Historical Monuments."

3. **Column 2:** Contact Information:

- In the middle column, we provide contact details, including:

- Address

- Email

- Contact Number

4. **Column 3:** Site Map and Email Subscription:

- In the rightmost column:

- A "Site Map" link is provided; clicking it allows users to download the site map.

- An "Email" option for users to contact us via email.

- A "Subscribe" button for users to receive updates.

5. Social Media Icons (Separate Row):

- Below the three columns, there is a separate row dedicated to social media icons.

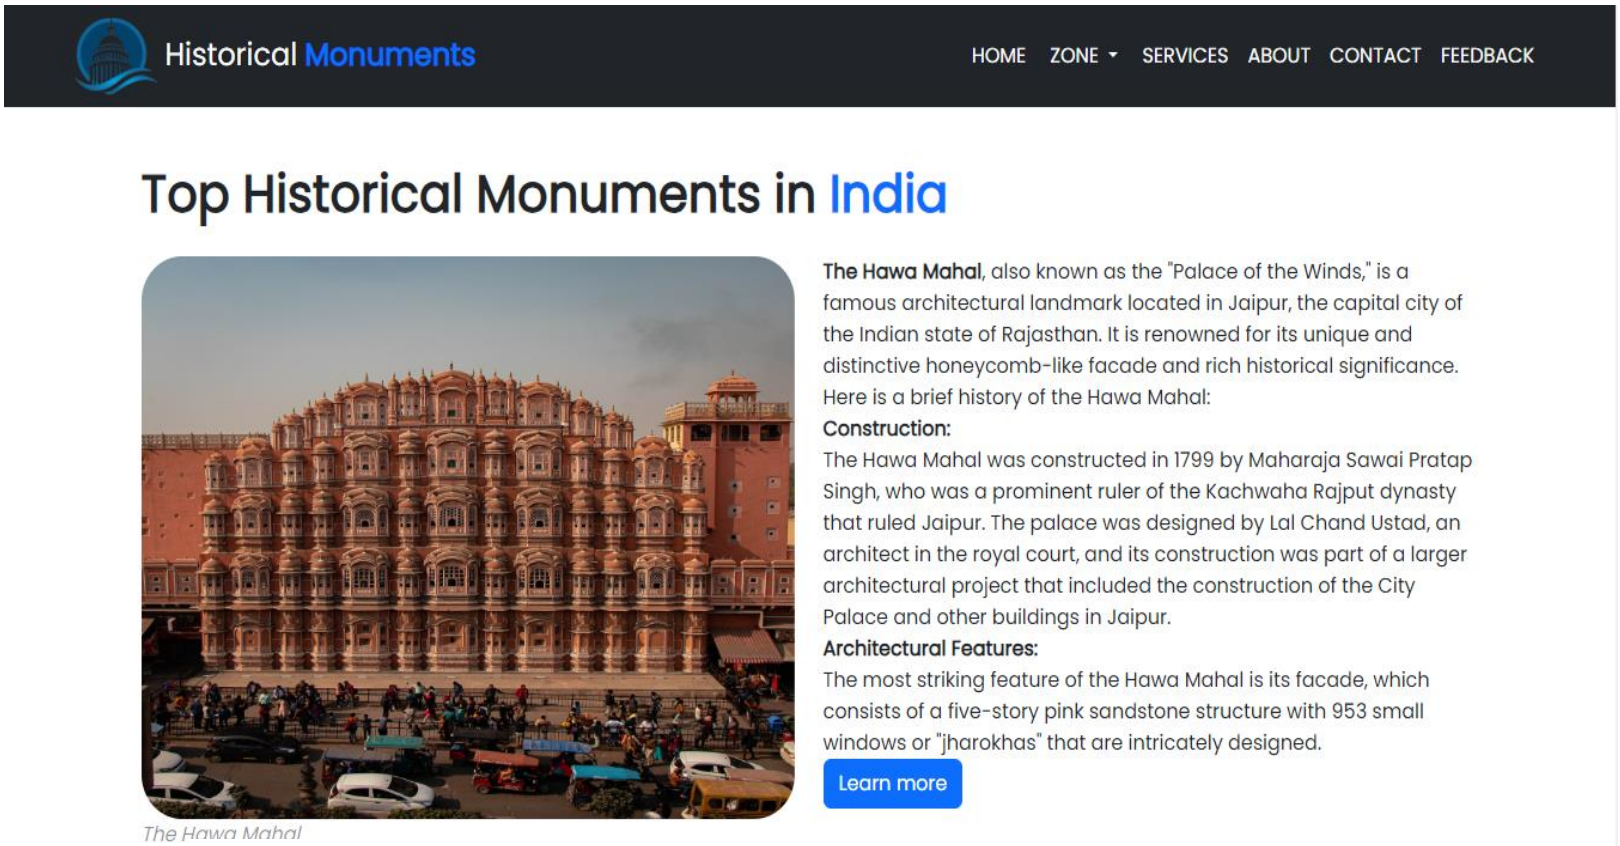
- The icons represent our presence on various social media platforms, including Facebook, Instagram, and Twitter.

- Clicking these icons will direct users to our respective social media profiles.

Home page Ended

➢ Subcategories

- **ZONE**



The Hawa Mahal

Historical Monuments Subcategories,

-**Sticky Navigation Bar**

- **Dropdown Menu:** Named "Zone" in the submenu.

- **Submenu Items:**

1. East Zone
2. West Zone
3. North Zone
4. South Zone
5. World Wonders

East Zone Page (Example)

- Layout: Multiple rows.

- Each Row: Divided into two columns.

Column 1: Image of the historical monument.

Column 2: Historical information about the monument.

- Learn More Button: When clicked, opens a modal box for additional historical details.

West Zone Page (Example)

- Layout: Similar to the East Zone page.

- Each Row: Divided into two columns.

Column 1: Image of the historical monument.

Column 2: Historical information about the monument.

- Learn More Button: When clicked, opens a modal box for additional historical details.

North Zone, South Zone, and World Wonders Pages (Similar Structure)

- Layout: Each page follows a similar structure to the East and West Zone pages.

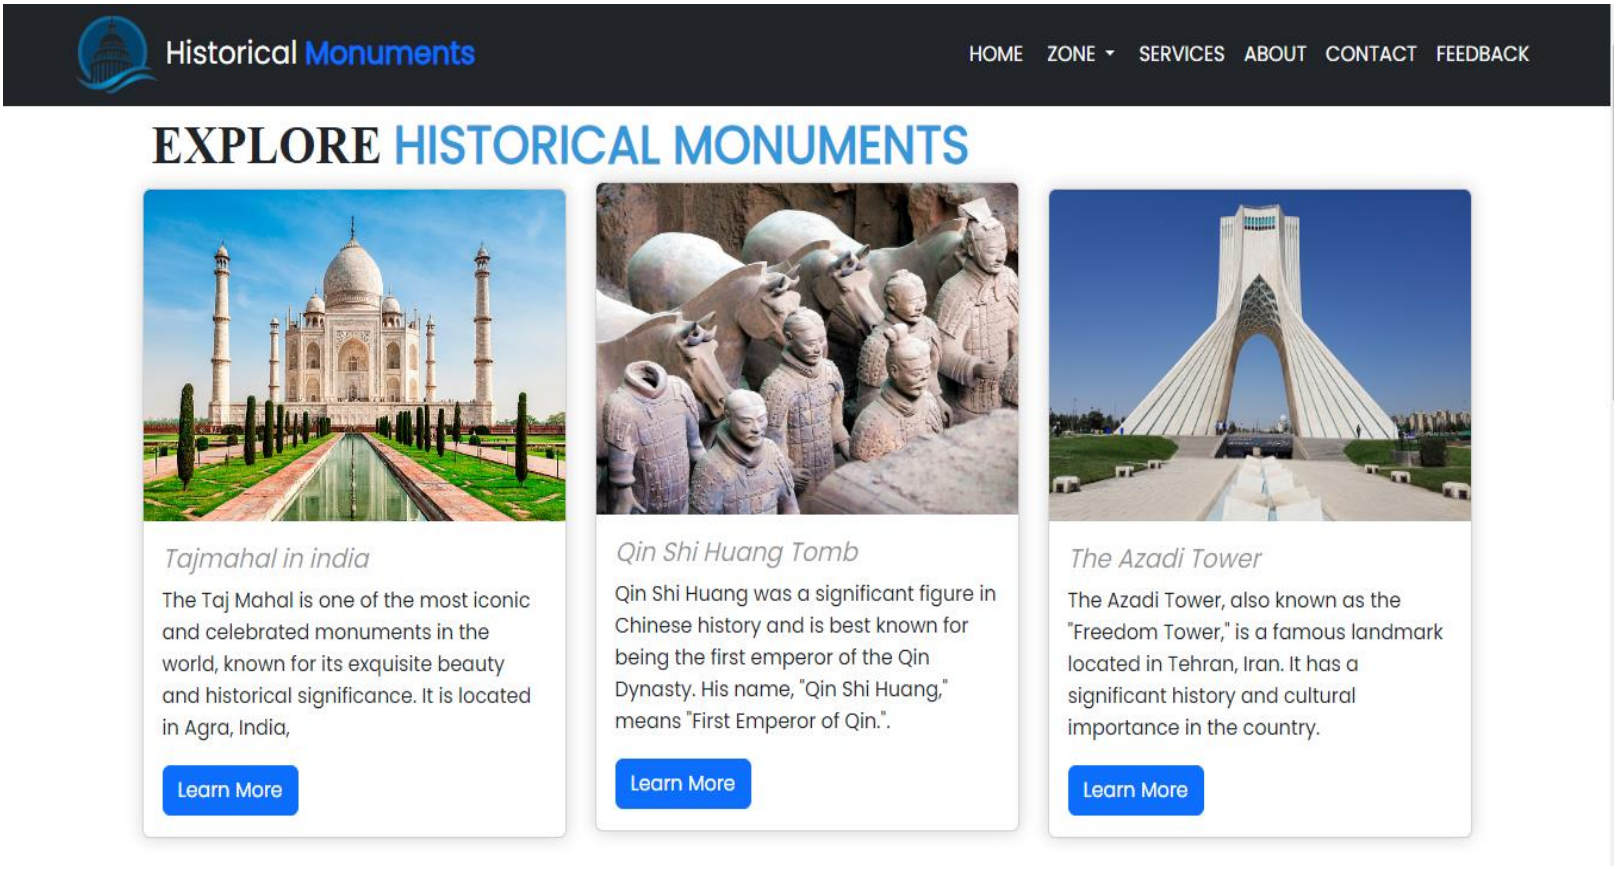
- Content: Divided into rows with two columns.

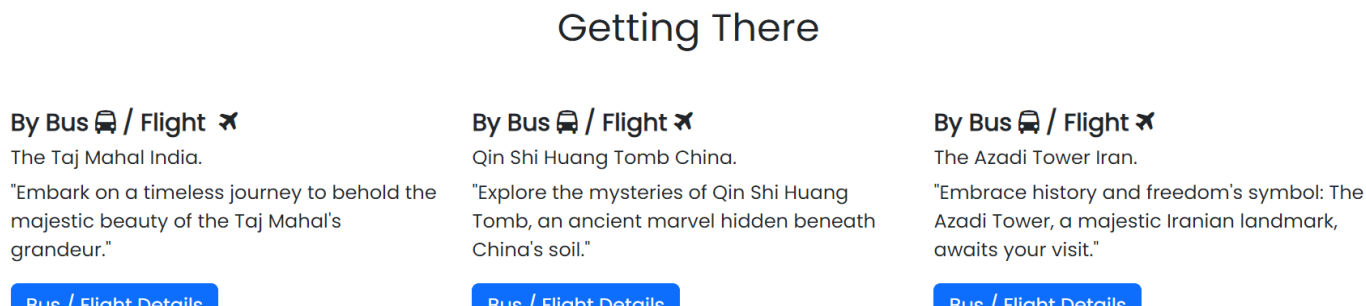
- **Column 1:** Image of the historical monument.

- **Column 2:** Historical information about the monument.

- Learn More Button: Provides access to a modal box for in-depth historical information.

- **SERVICES**





Here is our Services page,

Sticky Navigation Bar

- **Service Page**

- Row Layout

- **Column 1:** Historical Site Card 1

- Card Content: Information about a historical site.

- "Learn More" Button: Opens a modal box with further historical details.

- **Column 2**: Historical Site Card 2

- Card Content: Information about another historical site.

- "Learn More" Button: Opens a modal box with further historical details.

- **Column 3:** Historical Site Card 3

- Card Content: Information about a third historical site.

- "Learn More" Button: Opens a modal box with further historical details.

- Row Layout

- **Column 1:** Transportation Card (Bus)

- Card Content: Information about traveling to historical sites by bus.

- "Details" Button: Opens a modal box with bus travel details for a specific place.

- **Column 2:** Transportation Card (Car)

- Card Content: Information about traveling to historical sites by car.

- "Details" Button: Opens a modal box with car travel details for a specific place.

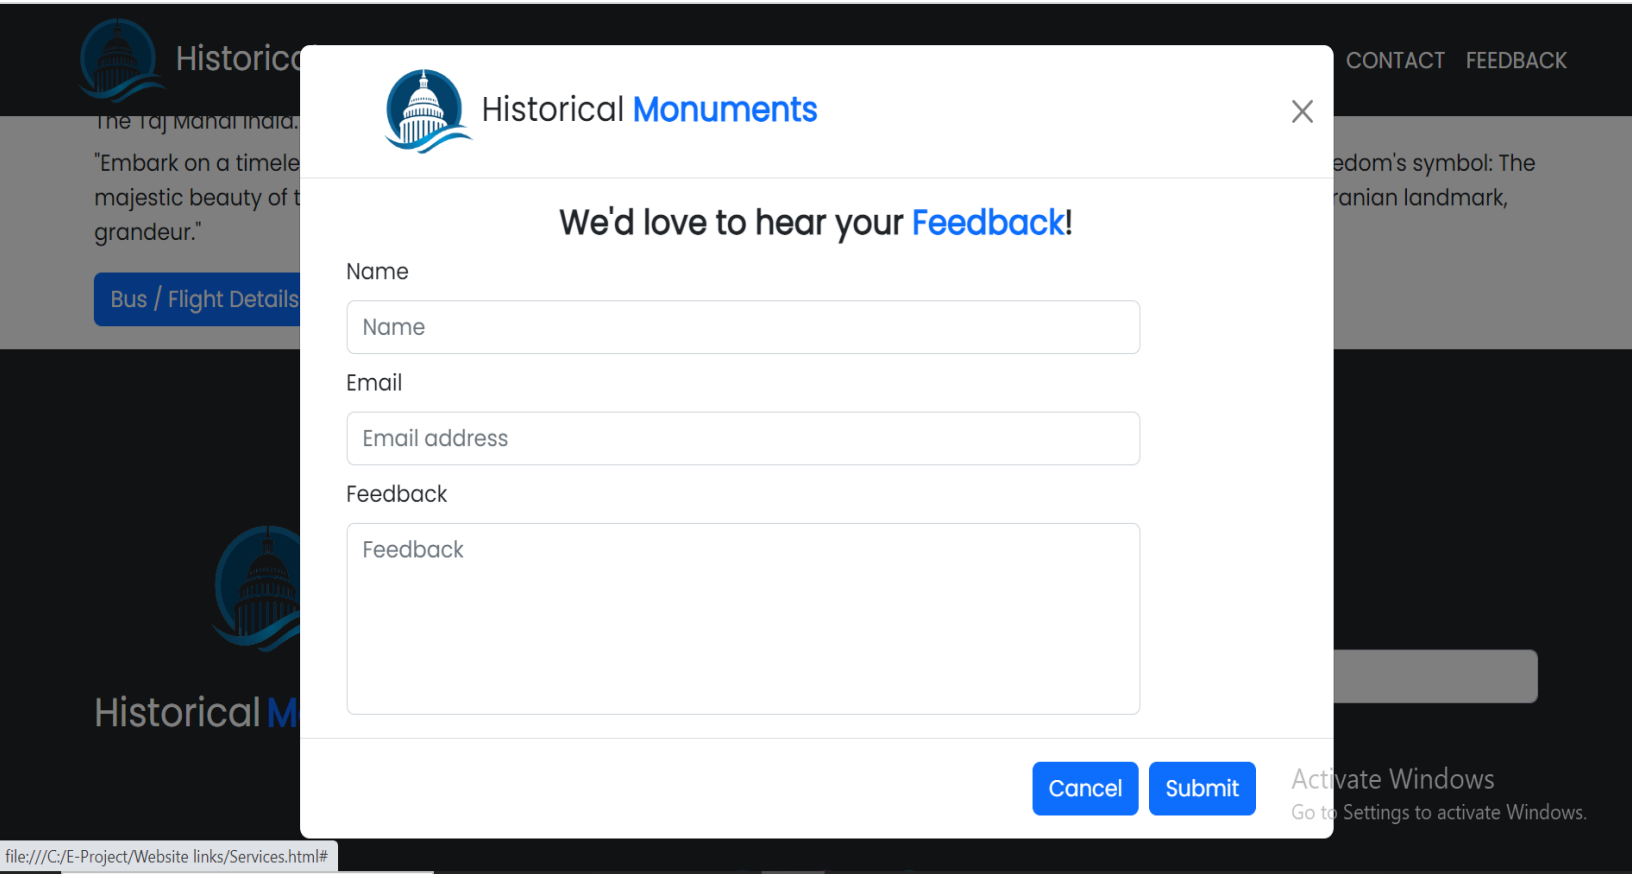
- **Column 3:** Transportation Card (Flight)

- Card Content: Information about traveling to historical sites by flight.

- "Details" Button: Opens a modal box with flight travel details for a specific place.

This format visually represents our service page layout, which includes historical site cards with "Learn More" buttons for detailed historical information, as well as transportation cards with buttons that open modal boxes containing travel details for each specific location.

- **FEEDBACK**



Here goes our feedback portion,

Sticky Navbar:

Feedback Page:

Feedback Modal Box

- **Caption:** "We would love to hear your feedback"

- Styled using a `<span>` tag.

- Submit Button: Allows users to submit their feedback.

  - Submitted feedback can be stored in local storage.

- Cancel Button: Allows users to cancel the feedback submission.

This structure clearly outlines the components of your Feedback Page, including the modal box for feedback, input fields for user details, and buttons for submission and cancellation. The caption is also highlighted for emphasis using the `<span>` tag.
